JANESVILLE, FRIDAY, MARCH 28.

STATE OF WISCONSIN.

A PROCLAMATION

BY THE GOVERNOR.

In conformity with law, I, William D. Hoard, Governor of the State of Wisconsin, do designate

Wednesday, April 30th Next,

as Arbor Day, and recommend that all public schools and colleges of the state observe the same by suitable exercises, "having for their object the imparting of knowledge of horticulture, in the department known as arborculture, and the adornment of schools and public grounds."

In testimony whereof, I have hereunto set my hand, and caused the great seal of the state of Wisconsin to be affixed, Done at the capitol, in the city of Madison, this 15th day of March, A. D. 1890.

[GREAT SEAL]

WILLIAM D. HOARD.

By the Governor:
ERNST G. TIMME, Secretary of State.

LET LEATHER COME FREE.

The republican members of the ways and means committee of the house have agreed to report favorably on a duty of 1½ cents per pound on hides. It is a serious question whether this tariff should be placed on leather The purpose of a tariff should be to protect, and thereby stimulate home production. An article like sugar, which cannot be produced in this country in sufficient quantities to supply the demand, should be imported free or with a low duty. Leather is of such universal use and so limited in its production in the United States, that it likewise, should be free. It was put on the free list in 1872 in response to a general demand from the people, and the republican ways and means committee should let it alone. It is very evident that this duty of 1½ cents per pound, was demanded by the cattle syndicate of the west. These cattle barons have no regard for the rights of the people, and are wholly lacking in conscience when it comes to demanding a tariff on hides which will help their business and increase the price of leather.

The time will never come when the United States will be able to produce its own leather. Home production cannot be fostered by a tariff to the extent that will decrease the price of leather or build up the tanning process to that degree which shall counterbalance the increased price of leather. There is no article that enters into such universal consumption, not even bread-stuffs, as leather, and it should be the purpose of this congress to keep that article on the free list, regardless of the demands of the cattle barons of the west.

Here is another point: The importations of the number of hides and kips in New York for the past two years is as follows:

	1889.	1888.
From Buenos Ayres	617,492	776,036
From Montevideo	533,961	685,901
From Rio Grande	57,407	64,270
From other foreign ports	1,228,989	1,461,577
From domestic ports	566,563	486,492
Total	2,944,362	3,474,276

The purpose of the Pan American congress is to foster trade between the South and Central American states and the United States. It was Mr. Blaine's idea to throw down as many barries as possible between the Americas so that friendly and commercial relations might be greatly fostered. But should the present congress decide to tax South American hides, how are the friendly relations to be fostered? The Pan American congress will not only be in vain, but congress will give the South Americans a slap in the face.

It would seem to an ordinary countryman that way to secure friendly relations between two countries is to make the terms as free and liberal as possible, and not to tighten them.

LYMAN ABBOTT AS A DEMAGOGUE.

The other day the Rev. Dr. Lyman Abbott delivered a lecture in Chicago on the wage system. If the press reports do Dr. Abbott justice he made as un-American a speech as could Bob Shilling or Herr Most. Among the things which he is charged with saying are these:

Dr. Abbott squarely attacked the existing wage system. The audience wildly applauded time and again. "It is a system full of inherent evils," said he, "a system that denies the laborer either a chance of profits or a chance of work. I don't know how you live in Chicago, but in New York there are many who are denied even those three God-free gifts—pure air, clear sunshine, fresh water—and as for the ownership of the land, why that is a dream to them unthought of. The wage system is a system that diffuses poverty, makes a coffin of the cradle and a bier of the bed.

Dr. Abbott then went on to preach the amazing doctrine that the time had come when the men should no longer make wealth, but should learn how to distribute it. But the most remarkable utterance in the lecture, which might properly be called "a lecture to breed mischief and spread discontent," was this.

"We have developed in our midst a plutocracy, *and the worst possible government on earth.*"

A man who would utter such villainous stuff as this is not entitled to any more respect than a common enemy of the country, for there is nothing but mischief at the bottom of such remarks.

The spirit of Dr. Abbott's lecture is to discourage the accumulation of wealth by the energy, enterprise, courage, economy and sobriety, that have made the great financial leaders of this and other countries. The effect of the lecture will be to make the great army of wage workers more discontented with their lot than ever before. It will foster a spirit bordering on anarchy, for the speeches of the Chicago anarchists or the Milwaukee socialists, were not much worse, in point of evil, than these quoted lines from the doctor: "It is time for us to learn no longer how to make wealth but how to distribute it. We have developed in our midst a plutocracy, and the worst possible government on earth. Let it not go down to our shame that we do not know or care to know that such facts exist and need reforming."

It may be worthy of note in connection with this lecture that the reverend doctor still commands $12,000 or preaching the gospel to a rich congregation, which, however, is sadly falling off since he became pastor, and he doesn't pay any more to his compositors on the Christian Union than do the political newspapers, and that he does not distribute his wealth as he demands that others shall do.

Here is an item of considerable interest to the American people, on the wealth of the United States: The rapid increase in the wealth, business, and prosperity of the United States during the last ten years is simply marvelous. The total wealth of the country is now $71,459,000,000 equal to nearly $1,200 per head. This is an increase in ten years of $18,000,000, or 42 per cent. England's wealth in 1885 is given as $50,000,000,000, giving an average wealth per head of $1,545. The average in Scotland is $1,215 per head and in Ireland $565. The total wealth of France is estimated at $36,000,000 000. England exacts in taxes $20 per head of population, while each individual in the United States pays but $12 50. America will produce 9,000,000 tons of iron this year, while England's greatest production is 8,600,000 tons.

The Germania, of Milwaukee, has let the cat out of the bag by printing the following editorial note:

We who are opposed to the Bennett law can vote in the approaching election only for the democratic party. And this is the duty, not only of the German church members, who conduct their own schools, but of all Germans who would here hold fast to the German customs and manners and their dear mother tongue.

The last sentence of that paragraph tells the whole story of opposition to the law. The Germania does not want English taught in the parochial schools. It wants the old German customs to take the place of American customs. It wants the German language fostered and encouraged so that the subscription list of the Germania may not grow less.

Sheriff Flack, of New York, has been forced to resign his office worth $50,000 a year. He is a Tammany leader, and has committed one of the most appalling crimes he could be guilty of save that of murder. He bribed his son and a friend to swear falsely against his wife in a divorce suit against her. Mrs. Flack is in feeble health, and the sheriff wanted to get rid of her that he might marry another woman, and to accomplish his villainous designs, he hired persons to testify to falsehoods. When these facts became known, Flack was arrested and convicted, and the governor demanded that he should resign.

They are having a rattling campaign in Milwaukee, and the result no one can determine. There are three tickets in the field, the democratic ticket nominated on a platform in opposition to the Bennett law, the republican ticket, which and tother, and the citizen's ticket which is not very pronounced one way or another. Should George Peck succeed in the election he will probably be prominent enough for a democratic candidate for governor.

General Crook was a great general and a courageous fighter, but he was not great to himself or just to his wife. He received a salary of $16,500 a year as major general, but at his death his entire property was worth only $1,000. He lived from hand to mouth very unwisely, and now his wife will have to beg for a pension or friends will have to support her.

A question propounded to the supreme court of Wisconsin, by the Detroit Tribune: If (the bible, which the Wisconsin supreme court excludes from its schools) is the one common blessed word of God for them all. How can it be "peculiar to a sect.

PITH OF THE NEWS.

THE colored men of Battle Creek, have organized a protective league.

CHARLES DESSON, a missing grocer of La Porte, Ind., is supposed to have wandered away while temporarily insane.

FOUR HUNDRED employes of the Sheldon Axle company at Wilkesbarre, Pa., went on a strike to-day.

REV. DR. D. J. BURRELL of Minneapolis has declined the call extended him by the Collegiate Reform church of New York city.

GUS JOHNSON, cage tender in the Millie mine at Iron Mountain, Mich., was killed by the breaking of the hoisting rope.

The store to J. M. Terrell, of Mt. Tabor, Ind., was destroyed by fire yesterday. The loss is estimated at $3,000, insured for $700.

A COMMITTEE appointed to investigate the accounts of Justice John Mars, of Ashland, Wis., reports a shortage of several thousand dollars.

EUGENE YOUNGS and Abe Armstrong fought with knives at Montague, Mich., while drunk, and the former received injuries which will probably cause his death.

P. D. STARR, of the insurance firm of Blake & Starr has left Kansas City, Mo., and is reported to have fled to Mexico. His partner says he is short $2,000 in his accounts.

ED MEACHER, a railway engineer, committed suicide with poison at Estherville, Iowa. The fatal illness of his wife and financial troubles are assigned as the causes.

WILLIAM E. STONE, an alleged forger, has secured a change of venue from Effingham to Jasper county. Stone is wanted at several points in Iowa, Missouri, and northern Illinois.

DENIEL SHEA, who struck Albert Shafer a blow on the throat which prevented the latter from eating and caused his death by starvation, is on trial for murder at Jeffersonville, Ind.

L. H. NELSON, manager of the Hall Lumber Yard at Muscolah, Kan., is said to be short about $2,400. The last seen of him was when he cashed a draft for $400 at Houton Thursday last.

A SOUTHERN CYCLONE.

Louisville, Ky., Suffers a Terrible Loss of Life and Property by a Cyclone.

FIVE HUNDRED PEOPLE REPORTED KILLED IN THE CITY.

Terrible Effects of the Wind Storm in Several of the Middle and Western States.

Special to the Gazette.

LOUISVILLE, Ky., March 28th—The very latest estimates of those who have been over the ground, place the number of killed by the cyclone here at five hundred. Nothing authentic can be told. All is confusion; the work of recovering the dead bodies has begun, and scores have been taken from the ruins.

LOUISVILLE, Ky., March 28.—Shortly after 9 o'clock last evening a tornado swept over this city wrecking 200 or 300 houses and killing 200 people.

The wind came from the southwest.

The Union depot at the foot of Seventh street was lifted from its foundation and turned over into the raging torrent of the Ohio river.

A train of cars making up for the Louisville Southern road went over with the building.

Falls City hall, on West Market street, was wrecked. In the hall were over 100 people, and but few of them escaped alive.

Many buildings after falling caught fire and the inmates were burned.

G. E. Johnston, a telegraph operator, who was an eye witness, says:

"The cyclone struck Louisville in the southwestern portion and took a northeasterly direction. I only saw the course of it from Fourteenth and Walnut to Eleventh and Market streets. From this latter point it followed its course to Seventh street and the river, where it left the city and striking across the river reached Jeffersonville at the foot of Spring street.

"Little damage was done in Jeffersonville, however. In Louisville the devastation is terrific and the loss of life will certainly reach hundreds, if not thousands.

"In one building, at Twelfth and Market, two lodges and a dancing school were in session, there being in the building perhaps 100 persons, not one of whom is thought to have escaped.

"I stood and watched them working on this ruin and saw six or eight corpses taken out in fifteen minutes. There is scarcely anything left that would indicate that this heap of rubbish had ever been a building, and if any of its inmates escaped it was by nothing less than a miracle.

"The path of the cyclone was about a square and a half in width. All streets are blockaded with the debris of fallen buildings or telegraph and electric-light wires. This dispatch is carried around the city to the bridge and sent by railroad wires."

Hundreds Killed at Metropolis.

CAIRO, Ill., March 28.—A tornado struck Metropolis, Ill., at 5 o'clock last evening, doing great damage to property. Many houses were blown down, and it is reported that several hundred people were killed and injured, but all wires are down and it is impossible to get details.

Metropolis is a town of about 4,000 inhabitants. It is situated on the Ohio river, which at that point is a broad stream now much swollen by the floods which have threatened the towns along its banks. It is the county seat of Massac county, and lies directly south of the center of the county. This town has but one railroad, the Terre Haute, which, running south through the county, turns at Metropolis and follows the course of the Ohio up the river to a point opposite Paducah, Ky. There the road crosses to the Kentucky side and becomes the Newport News & Mississippi Valley.

In the Track of the Storm.

ST. LOUIS, Mo., March 28.—It is reported that at Mill Creek, a small station twenty-five miles north of Cairo, several houses were blown down and a number of people injured. Owing to the wires being down it is impossible to get particulars.

A special from Coulterville, Ill., says that town was visited by a disastrous wind storm, accompanied by hail the size of hen's eggs. Davidson Elder's house was wrecked, and Mrs. John Richmond, Mr. Elder's daughter, and Messers. McCracken and Smith of Nashville, Ill., who were in the house at the time had a miraculous escape, getting off with a few bruises and scratches.

A special from Nashville, Ill., says the cyclone struck that place with terrific force, and that not a pane of glass is left in a window with western exposure.

At Little Prairie, a few miles away, the storm destroyed the residence of William Rhine and Mr. Rhine was badly hurt, his leg and arm being broken. He is also internally injured and not expected to live. Two of his children were carried a quarter of a mile to the home of David Smith. They were uninjured. Smith's house was destroyed He rushed out with his little girl and a tree fell on them. Neither is expected to live.

A special from Carbondale, Ill., says a disastrous cyclone passed through Jackson county. At Graud Tower a coach of the Grand Tower & Carbondale railroad was blown from the track. A number of houses were leveled to the ground and three lives are reported lost. Near Murphysboro Mr. Linsley's dwelling was literally blown to pieces, his child killed, and his wife dangerously injured.

Olney Illinois Devastated.

OLNEY, Ill., March 28.—The storm which has prevailed throughout Illinoi all day developed into a terrible cyclone in this city about 6 o'clock last night. Many buildings are more or less damaged, trees uprooted, fences down, and everything is in a demoralized condition.

So far no one has been reported killed, but there was many narrow escapes. A large number of persons were injured, some of them seriously, but owing to the excitement it is impossible to get a complete list.

The damage by the storm will fully reach $25,000, but it is impossible to make a close estimate because the electric wires are down and all is darkness, and the greatest excitement prevails.

Many Flood Sufferers.

ST. LOUIS, Mo., March 28.—Officers of lower Mississippi steamers arriving here report much distress in the overflowed districts south of Memphis, and the outlook for their next crop quite discouraging. Should the water not drain off by the last of April it will seriously interfere with their planting. Over 1,000,000 empty sacks have been shipped to points between Memphis and Vicksburg and have been filled with earth and sand and used in strengthening the levees.

The Storm Was General.

CHICAGO, March 28.—Last night's storm seems to have been general throughout the Northwest, but no disasters are reported except in Illinois and Kentucky.

STRANGE SCENE AT A FUNERAL.

Friends of a Newport Woman Attend Her Obsequies in Skiffs.

NEWPORT, Ky., March 28.—The most unique funeral this city has ever known occurred yesterday. Mrs. Caroline Nabor had lain dead for three days and it became necessary to inter the remains. The house was surrounded by water from the flooded Ohio and vehicles could not come within squares of it. As a resort the coffin was placed in a large skiff, and, followed by nearly two score other skiffs containing relatives, friends, and sympathizers, was rowed squares away to dry land. Thousands watched the strange procession from upper windows and high ground.

Cincinnati Bucket-Shops in Danger.

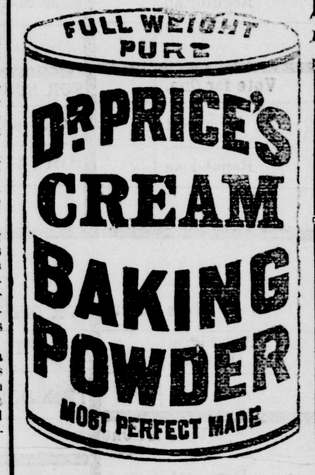

CINCINNATI, O., March 28.—Regarding the notice of the Western Union to bucket-shops that all tickers will be removed April 1, local brokers admit if the order is put into effect it will greatly cripple if it does not entirely kill the business. Most of the brokers think the order is merely a bluff. Many legitimate dealers in flour and grain express satisfaction over the prospect and say it will help genuine business.

ROCKFORD WEBER QUARTETTE.
MYRON E. BARNES, 1st Tenor.
CHARLES G. ROGERS, 2nd Tenor.
L. JUDSON WEST, Baritone.
HENRY D. ANDREW, Basso.

This Celebrated Quartette has filled some of the most flattering engagements ever offered to any similar organization; among them are the following: The celebrated Blaine meetings, held during the last campaign at Battery D, Chicago; the noon meetings held by the Chicago Commercial Club at Madison Street Theatre. This Quartette was also the guests of the Commercial Club to and from Washington. They also received a personal invitation to a private reception at the White House from President Harrison Since that time the Quartette has visited Washington with the Grand Commandry of Knights Templar, of Chicago and Illinois; and while there sang at the reception of the Illinois Knights, given by Mrs. John A. Logan. The following letter speaks for itself:

CALUMET PLACE, WASHINGTON, D. C., Nov. 15, 1889

My Dear Mr. West:—I am indebted to you for giving me an opportunity of expressing my thanks to the Weber Quartette for the honor they did me by singing for us on the occasion of my reception to the "Knights Templar." My only regret is that I could not have had more opportunity to hear them longer. Everyone was delighted with their fine voices and exquisite rendition of Kjerulf's "Last Night." I am still being asked who they were, and am gratified by the compliments paid them, because they are Illinoisians. At some future time I hope to welcome them to my home again. Please make my compliments to each of the quartette. Very truly yours,

MRS. JOHN A. LOGAN.

Take Care of Your Eyes.

Dr. B. MINGER, the eminent optician of Detroit, Mich., will visit every town in this county during the winter. Any one suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the post office will be promptly attended to. No extra charge for examining or visiting patients at their homes.

THE BEST medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

Pear's soap is the purest and best soap ever made.

A Bit of History

Twenty years ago, when a comparatively unknown minister announced that he could positively cure Catarrh, his announcement was meet by many with sneers and scorn, but by many more with expressions of delight, and his own simple statement of his sufferings and his cure impressed others with his honesty of purpose as well as his belief in his own ability to cure.

In reply to his announcement through the press, over 125,000 Catarrh sufferers have applied to him for relief and it would be impossible to realize to what extent he has benefited our generation.

Imitators have sprung up in every direction, advertising their nostrums and adding Catarrh to the long list of diseases they claim to cure; but the simple-minded old clergyman has gone on, and seen them rise and fall, so that to-day he stands almost entirely alone, announcing as of old, his still honest belief that he can cure Catarrh. His statement is now backed by so many thousands of people in all parts of the country that it is not difficult for Mr. Chiids to refer parties who may not be fully satisfied, to neighbors or friends in their own locality, who will speak for themselves what this treatment has done in their cases.

Many thousands of people annually visit Troy, O., and they realize that their first impression of the Rev. T. P. Childs was correct; that he is not a doctor, nor a charlatan, nor a seller of nostrums; but a simple-hearted old gentleman, whose faith in his own ability to cure catarrh is unlimited.

A NEW WONDER.

We live in an age of wonders; and one of the greatest of the age has reached Janesville, and we shall attempt to describe it.

Since 1771 the Encyclopædia Brittanica has been the crowning work in English literature Its history and growth are a part of the history of the growth and diffusion of knowledge. As enlightenment and culture have increased, this monumental curriculum of learning has grown and kept pace with them. A word as to its growth will be interesting.

The success of the original, published in 1771, was such that the editors and publishers were awakened to a sense of the true importance of the task they had taken in hand, and to the necessity for a more comprehensive scheme than at first adopted; and its reception inspired them to soon set about its enlargement and revision. Since then it has been the standard; and as the literary world demanded, from time to time it ran through EIGHT successive editions and supplements as follows:

First edition, 3 vols., published 1771.
Second edition, 10 vols., 1778-1783.
Third edition, 18 vols., 1788-1797.
Supplement, 2 vols., 1801.
Fourth edition, 20 vols., 1801-1810.
Fifth edition, 20 vols., completed 1817, with a supplement of 6 vols., 1816-1824.
Sixth edition, 20 vols., 1823.
Seventh edition 21 vols., 1830-1842.
Eighth edition, 21 vols., 1853-1861.

The reader will see that since this last revision great scientific discoveries have been made, much history has been written unknown territory has been explored, and countless mighty events been written by Time. To keep pace with this progress, we now have the NINTH Edition of twenty-four volumes, averaging 850 pages each 20,000 pages, 25,000 subjects! The following comparison of amounts of type required, and prices of other great works, is by Prof. A. P. Lyon, of New York in the Electrotype Journal.

The Bible contains 3,500,000 ems.
Webster's Dic., 20,000,000 ems, at $12.
Chambers' Cyc., 48,000,000 ems, at $50.
Johnson's Cyc., 56,000,000 ems, at $48.
Appleton's Cyc., 60,000,000 ems at $85.
Encyclo Brittanica, 140,000,000 ems, at $120 to $192.

The completion of the Ninth Edition has enabled the public to measure this magnificent work and compare it with other cyclopædias. The result has been to establish beyond question its unqualified superiority. It is a giant where others are pigmies. It stands the noblest work in all literature; the one only adequate representative of the advanced thought and scholarship of the world. In the amount of brain-work furnished, it immeasurably transcends all competition. It is the only encyclopædia in which each principal subject is treated by an acknowledged authority upon that subject No other has spent one-third as much money on literary labor as the Britannica. No one has given $10,000 for a single article, or $600 a page for written matter, as it has. No other can show a list of principal contributors either so eminent in their departments of scholarship, so varied in nationality and profession, or so numerous. The full list of contributors numbers 1,145 persons and include the most eminent literary and scientific names of Europe and America.

The English Edition of the work is sold in this country at $8.00 per vol., and the American Edition at $5.00 per vol., in cloth binding; making the cost of the set of 24 vols. respectively $192 and $120.

While the Britannica is the acknowledged standard, incomparably the best and most desirable cyclopedia in existence, its high cost has placed it beyond the reach of most people. This bar to its popular use has now been happily removed.

By a new process of etching upon zinc, giving a clearer and harder surface than even an electrotype plate, the art of reproduction has at length been brought to a high perfection. The new POPULAR EDITION of the Britannica is a perfect and exact reproduction of the original work, *page for page*, by the new process, which, for clearness and beauty of print, leaves nothing to be desired. And it is this which is now offered to our people either FREE, or if preferred, at an astoundingly low price by the enterprise of MESSRS. BURNS & BOLAND and A. C. MUNGER.

Do not think this is in any way a cheap, old and unsaleable book, on flimsy straw or "unlaundried bass-wood" paper, in paper covers, and with a glued back. *We have seen it, and it is made better than the average book in your library!* It is a handsome, large, new volume, in genuine English cloth, heavy oakum—not straw—boards, double hinged flexible-back, and on fine super-sized and super-calendared book-paper, with colored-maps, plates, illustrations, *Index*, marginal reference (the *only* American reprint having them) and—just call and examine it for yourself, at the store of A. C. MUNGER and BURNS & BOLAND.

The method of reaching the people is new and unique, and, we are glad to say, free from any disreputable taint of lottery or gambling; it is to be *given away* by leading merchants, where people of culture already place their confidence and their custom and where one would naturally look for a work of this grade. The Publishers have in each case selected as their agents firms of a character and reputation which comport with the dignity of this proud work; the how-to-possess it will be explained in person at the above-named stores.

They have acquired the exclusive right to handle it in JANESVILLE, and by the terms of their contract with the Publishers, it will never be sold here through agents, or in the trade.

Truly may we say with the poet—

"We are living, we are dwelling
In a grand and awful time
In an age, on ages telling;
To be living is sublime!"

The thought, that this grand work, which is in itself a Library of Human Knowledge, has at last, by the benificent genius of American scientific invention been placed within the reach of the humblest and poorest of our favored land, should awaken in us thankfulness that we live in America.

Some Interesting News Items and Social Matters.

Mr. L. A. Smith left Saturday for Chicago to visit his brother.

The sociable at Mr. Geo. Otis' two weeks ago was a very pleasant affair.

Some of our city grocerymen are very much interested in some of our farmers for the reason that the farmers are thinking of patronizing the new butter factory. So very much interested that they are willing now to tell them that they will lose, but didn't think of saying any such thing through the months of January and February when the farmers were taking butter for 15 and 16 cents into town in trade at that, when they might have taken it to the factory and got their 23 cents in cash.

An oyster supper was held at the church the 19th inst. for the Y. P. S. C. E. $12.50 was made clear of expenses.

One of Footeville's enterprising young stock buyers is seen quite often in our midst; guess it is not altogether stock he is looking for.

Miss Anna Dugan closed her school in what is known as the Eldredge school house, on Friday last. Both exercises and recitations were very good.

Mr. Ben. Blunk, who has been very sick with pneumonia, is slowly improving, Dr. Loomis is attending him.

Sociable Friday evening at Mr. A. Parkhurst's. All are cordially invited to attend.

Mrs. Geo. Osgood is sick with the grippe.

Two well packed barrels of clothing was sent on Monday to Pearl Creek township, southeast of Huron, Dak. Also the First Baptist church of this place, presented them with their old Sabbath school library books for their Sabbath school.

Mr. Frank Otis entertained a few friends on Friday evening in honor of his twenty-first birthday.

A Pleasing Sense
Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 50c. and $1.00 bottles by all leading druggists.

Don't Go Off Before You Are Ready
Particularly, on a long journey. Be fully prepared. You cannot be, permit us to say, unless you are accompanied with the traveler's and tourist's *vade mecum*, Hostetter's Stomach Bitters, most genial of appetizers, acclimatizers and promoters of digestion. Against sea sickness, malaria, cramps and colics begotten of badly cooked or unwholesome food and brackish water, nervousness, increased by travel, chronic biliousness and constipation, the Bitters is a soverign preventive. It imparts a relish for food not altogether to your taste, and prevents it from disagreeing with you. Never was there such a capital thing for the unfortunate dyspeptic who stands in dread of the best cooked meal. Stomachic trouble caused by ill prepared viands aboard ship, on steamboats, and rations hastily bolted at railway restaurants, is soon remedied by the Bitters, which gives a quietus also to rheumatism, kidney troubles and insomnia.

Everybody Knows
That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other disease may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

Hon. E. A. Moore, Member of Assembly, Richmond County, N. Y., writes:
ASSEMBLY CHAMBER, ALBANY, N. Y., April 11, 1887.
I have two afflictions which sometimes make life a burden. One is dyspepsia, the other is rheumatism. I heard that BRANDRETH'S PILLS, taken one or two at night on an empty stomach, would cure rheumatic pains. I gave them a thorough trial for three weeks, taking one or two every night. To my delight, not only was I cured of rheumatism, but dyspepsia, costiveness and biliousness. They did not interfere with my diet or business, and I freely think them an incomparable blood purifier and cathartic."
BRANDRETH'S PILLS purify the blood, stimulate the liver, strengthen the kidneys, regulate the bowels. They were introduced in the United States in 1835, and have steadily increased in popular favor.
This, together with convincing testimonials from all parts of the world, is positive evidence of their value.
BRANDRETH'S PILLS are purely vegetable, absolutely harmless, and safe to take at any time.
Sold in every drug and medicine store, either plain or sugar-coated.

Some Foolish People.
Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and $1. Trial size free. At all druggists.

A $50.00 outfit will be furnished on 30 day's time to the first responsible agent that applies for it, with a guarantee of $150.00 profit in four weeks or no pay. Exclusive control of your county given. Something new and with great possibilities. We prove our responsibility. Address at once, with stamp, A. B. JARVIS & Co., Racine, Wis.

THERE IS NO ONE ARTICLE IN THE LINE of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladona Backache Plasters.

JUSTICE CAMPBELL DEAD.

The Venerable Michigan Jurist Expires Suddenly at His Home in Detroit.

DETROIT, Mich., March 27.—Justice James V. Campbell of the Michigan Supreme court, a member of the Supreme Bench since 1859, died suddenly at his home in this city Wednesday morning. Justice Campbell was born in New York in 1823, came to Michigan in early life, and was one of the pioneers of the State. He has been Chief Justice of the bench in rotation nine times, has been a law professor of the University of Michigan since the organization of the law department of that institution, was one of the standing committee of the Protestant Episcopal Diocese of Michigan, and was a man of wide culture. His death was caused by heart disease. His family found him dead in his chair, where he had died while reading a newspaper.

TWO MORE MISSING MEN.

Mysterious Disappearance of Young English Farm Students in Canada.

TORONTO, Ont., March 27.—Detective Murray, who is engaged in the Benwell murder case, has received a letter from Anderson & Son, of New York, telling of two more missing young Englishmen who were induced to come to this country as farm pupils.

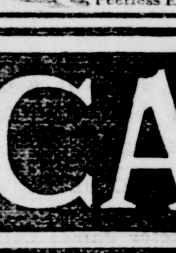

Augustus Rawlings, the letter says, paid £1,000, one-third of which was given to a Toronto agent. He was last heard of at Niagara Falls and since then all trace of him has been lost.

The other case is that of Frank Regbie, the son of an English officer, who was swindled out of his money and communicated to the writer, who wrote, asking him to go to New York, and had his letter, marked "gone away," returned to him.

CATARRH

Thousands are Dying

In early life with consumption, who can look back a few years—perhaps only months—when it was catarrh. Neglected when a cure is possible, very soon it will transform the features of health and youth into the dark, pallid appearance; while the hacking cough, the excess of blood gushing from the lungs, or night-sweats, all significantly proclaim it is too late; and thus neglected Catarrh ends in the consumptive's grave.

Nasal Catarrh

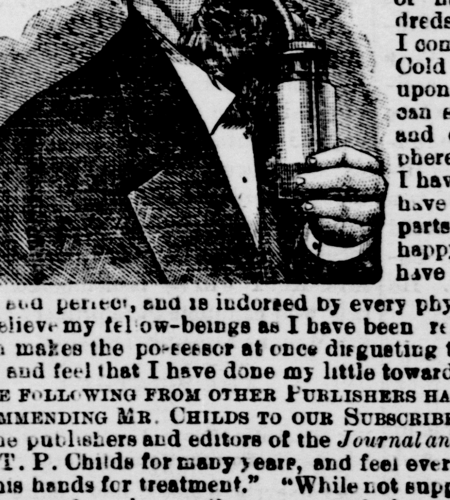

Sometimes the disease only affects the membranes lining the nasal passages, and they may be easily reached and cured by simple means. But when it is located in the "frontal sinus," or in the "posterior nares," or if it has entered the "Eustachian tubes," as all well-read physicians will readily attest, nothing can be relied on to effect a permanent cure but the inhalation of proper medicated vapor. In the same manner that we breathe a common air we can inhale and breathe a medical air; and it is perfectly simple, any one can see. thus to treat a disease of the throat, bronchial tubes and lungs. How much better this method, by which remedies are conveyed directly to the seat of the disease, than to resort to the uncertain and too frequently mischievous action of medicines taken into the stomach.

Bronchitis, or Inflammation of the Bronchial Tubes.

This disease is closely connected with CATARRH that it may be truly described as a branch of that disease, only modified and changed by the nature and organization of the parts affected; CATARRH being confined to the interior of the Nose while BRONCHITIS affects the small pipes entering the lungs, known as the Bronchial Tubes. Where the disease obtains its worse character, tumors grow up like mushrooms, creating inflammatory adhesion and discharge of offensive matter from the throat, extending through the Eustachian Tube to the ear, which becomes affected The absorption of the tuberculous matter is very dangerous, and frequently results in PULMONARY CONSUMPTION and death.

The Cold Air Inhaling Balm.

This part of my treatment I regard as very important, especially in warding off colds (which is half the battle) and in relieving the head and lungs, while under their effects. The balm is composed of several kinds of gums, balsams, firs and essential oils, which are separately used by the best physicians in treating throat, bronchial and lung diseases. These I have combined, and concentrated their virtues, which, by the inhaling process, are drawn through the various passages of the head and respiratory organs reaching and healing every irritated spot. If used when a cold first makes its appearance—which usually begins by irritation of the mucous lining of the nose, and a sneeze, which is nature's emphatic warning—it will invariably check it; and by producing a quick circulation, and by throwing the blood to the surface, the bad effects of a cold are warded off. It is pleasant to use and almost instant in its effects.

MY EXPERIENCE.

Nineteen Years of terrible headache, disgusting nasal discharges, dryness of the throat, acute bronchitis, coughing, soreness of the lungs, raising bloody mucus, and even night sweats, incapacitating me from my professional duties, and bringing me to the verge of the grave—all were caused by, and the result of nasal catarrh. After spending hundreds of dollars and obtaining no relief, I compounded my catarrh Specific and Cold Air Inhaling Balm, and wrought upon myself a wonderful cure. Now I can speak for hours without difficulty, and can breathe freely in any atmosphere. At the calls of numerous friends, I have given my cure to the public, and have now thousands of patients in all parts of the country, and thousands of happy fellow-beings whose sufferings I have relieved. My cure is certain, thorough and perfect, and is indorsed by every physician who has examined it. It can relieve my fellow-beings as I have been relieved of this loathsome disease which makes the possessor at once disgusting to himself and others, I shall be satisfied and feel that I have done my little toward removing the ills of mankind.

THE FOLLOWING FROM OTHER PUBLISHERS HAS GIVEN US EVERY CONFIDENCE IN RECOMMENDING MR. CHILDS TO OUR SUBSCRIBERS:

"The publishers and editors of the *Journal and Messenger*, Cincinnati, have known Rev. T. P. Childs for many years, and feel every confidence in giving their cases into his hands for treatment." "While not supposing that all cases of Catarrh will be cured by the prescription advertised, the publishers of the *Illustrated Christian Weekly*, New York, after diligent inquiry, have reasons to believe that it has, in many cases, proved effectual." The publishers of the *Congregationalists*, of Boston, with multitudes of other people, are somewhat suspicious of patent medicines as a rule, and when we received the advertisement of Mr. Childs. we at first declined its insertion; but on making inquiry we received such satisfactory replies, and one especially from a well-known Congregational pastor not far from Mr. Childs, the proprietor of the medicine, that we withdrew our objections." "The publishers of the St. Louis *Christian Advocate*, after careful investigation, are satisfied that Rev. T. P. Child's treatment for the head, throat and lungs is all that it is represented to be."

If you or any of your friends are troubled with Catarrh or its attendant diseases, write at once and obtain the terms of the only known cure the world over,

Address, REV. T. P. CHILDS, Troy, Ohio.

BRIEFLETS.

Odd Fellow's party to-morrow night

Reserve your seats for Weber concert at King & Skelly's. No extra charge.

The Weber Concert to-morrow afternoon and evening at the Congregational church.

Myron Barnes, of the Weber Concert Co., has a cultivated tenor voice, remarkable for its power and sweetness.

The Weber Concert Company will commence the evening entertainment at 8:30 so that business men will have an opportunity of being there:

W. H. Sargent Post No. 20, G. A. R., assemble in regular semi-monthly meeting this evening, at Post hall.

Pure maple sugar from Ohio, guaranteed the best made, for sale at Ball & Bates' family grocery, 7 North Main street. Try it.

A number of young people of this city calculated to attend the party at Janesville Grange Hall this evening. The storm will probably deter them.

Prof. Nagler entertained a few gentlemen friends last evening at his room in the Park hotel. It was the anniversary of his birth and was a most enjoyable affair.

People's Lodge No. 460, Independent Order of Good Templars, assemble in regular weekly meeting this evening—lodge room in the Court Street M. E. church block.

The St. Cecelia Society will hold a business meeting to-morrow (Saturday) afternoon at four o'clock, with Mrs. J. F. Sweeney. Let every member be present, as business of importance is to be transacted.

The Clinton Herald says: "Master Harry Dimond. the violin and mandolin player, is truly a little wonder. With form erect and tumbled hair and pretty face, this boy of a dozen summers, played like an Ole Bull."

The Rev. F. Royce, D. D., rector of St. Paul's church, Beloit, will officiate at Trinity church next Sunday, morning and evening. The rector of Trinity church will officiate at St. Paul's church, Beloit, next Sunday in exchange.

In judicial circles the question is will Justice Scanlan be superseded by John Nichols?—*Recorder.*

If the question was left entirely to "judicial circles" there would be no doubt, John Nichols would be elected by an unanimous vote.

The Weber Quartette have had some very flattering engagements and probably no quartette on the road is more sought after than is this one. They dress alike, look alike, and sing alike. No one should fail to hear them Saturday afternoon and evening.

Rockford Register: Harry Dimond, the young violinist, is certainly another idication of the precocity of the age. If he had been playing at the time Ole Bull was surprising the world he would have been considered equally as remarkable.

Next week is holy week and will be observed in Trinity church by daily services. Thursday is the day when our Blessed Lord instituted the Holy Eucharist. Good Friday is Friday next when all business should be suspended. Services on that day at Trinity church at 10:30; 2 and 7:30 o'clock. Easter services will be announced later.

City Attorney J. B. Doe, Jr., corrects a slight error in his report, but we don't think he has much cause to worry over the main footings. The report is not only highly favorable, but extraordinary in many respects.—*Recorder.*

Yes, it is *extraordinary*, in that it omits just what the tax-payers of Janesville want to know. They should know the expense of the law department of the city government, and this information Mr. Doe is silent upon.

H. M. Hart, the wide-awake representative of the Mutual Life Insurance Company, of New York, having his headquarters now in St. Paul, has just commenced his twenty-sixth year with the company. In a business letter to the Gazette Mr. Hart incidentally remarks: "I have a splendid list of $50,000 to $100,000 members here, including editors, and would like to have you also. One man handed me $5,590 this month as a yearly payment, and his two sons have $35,000 with me also. Another pays $7,422.60 to me yearly." The many Janesville friends of Mr. Hart will be pleased to hear of his continued success.

Besides a magnificent quartette, splendid soloists, comprising the Weber Concert Company, they have Miss Irwin, as an elocutionist, who is a young lady of most pleasing manner, easy and graceful in gesture and pose, possessing a voice of unusual flexibility, sweetness and power. In the bird song she introduces a peculiar warble, imitative of the call and song of a bird, which is unique and entirely new. The sound is neither a whistle nor a warble, but is a compromise between the two, and is produced in the throat in some mysterious manner. Then there is the boy wonder, Master Harry Diamond, who surprises everyone by his skillful handling of the bow; a remarkable violinist.

The Recorder in this morning's issue insists that it "followed copy" in publishing the report of the street commission. Perhaps so, but then they certainly, in that case, did not have the report as "copy." The Gazette will not undertake to point out the many "errors" in the mixed up mess, but perhaps the fifth ward aldermen can explain why $95.35 of the fifth ward fund was expended on Spring Brook Bridge. The Recorder may insist that this is a fact as long as it pleases, but the street commissioner did not so report it, neither does his report show it. But then, the statement is in keeping with the Recorder's political campaigning. The Gazette is not supporting the present street commissioner for re-election, yet it wishes to see fairness in all things.

NAILING SOME LIES.

Electioneering Buncomb from the Recorder.

Let us see. Did a republican council order material and labor amounting to $95 35 for Spring Brook bridge, the same being paid from the fifth ward fund? Aldermen McLean and Casey will hardly back up the Recorder's statement when it charges this. Then again, Ald. Horn, the democratic councilman from the fourth ward, will hardly substantiate the charge that a republican council took $134.35 from the fourth ward fund to repair Monterey bridge; will you, Charley? And once more. The Gazette on its own responsibility, will state that Ald. Baker, the democratic alderman in the first ward, will brand as a bare faced lie, the statement that a republican council took $106.89 from the first ward fund to repair Fourth avenue bridge.

After having been treated by a republican council far more liberally than ever a democratic council treated a republican newspaper—the Recorder having had nearly as much city patronage in the way of advertising as the Gazette—the Recorder, knowing the statement to be false and the figures a lie, never having been made, slaps the republican aldermen in this manner:—

Keep these figures before you till you cast your vote on Tuesday next, and say by that vote whether you are not opposed to this extravagance. It must be remembered that a republican council ordered this work done. Take note of the streets where the bulk of the work has been performed and see if some republican alderman don't own property near it.

There is not a democratic alderman in the city but will condemn the Recorder for such a statement of falsehood. But then, the Recorder always delights in conducting a political campaign by maligning its opponents.

The republican candidates for seats in the common council are among our most prominent business men—successful men—tax-payers, and some of them very heavy property owners. They are not from that class of men who would be likely to wontonly squander the people's money. Can the Recorder truthfully say more of its nominees? The voters will not be deceived.

A GRAND CONCERT

To be Given by the St. Cecelia Society April 8th.

The ladies of the St. Cecelia Society have arranged for a concert that will certainly delight everyone who attends. William H. Sherwood, the great pianist of whom all Americans may be justly proud, has been secured.

Miss Genevia Johnstone, Chicago's well known and favorite soprano, will sing. Miss Johnstone possesses a voice rich, brilliant and of great range. With such artists as these the ladies confidently hope for and expect liberal patronage. Remember date, Tuesday evening April 8 h.

THE ST. CECELIA SOCIETY.

They Met With Miss May Patterson Yesterday Afternoon.

The St. Cecelia musical society enjoyed a very pleasant meeting, yesterday afternoon, at the home of Miss May Patterson, No. 24 Milton avenue. A purely vocal programme was presented as follows:

PROGRAMME.

Ah! 'Tis a Dream............Lassen
Miss Franc Edwards.
Spinning Song............Godard
Miss Eva Nash
Good Bye............Cotsford Dick
Miss May Patterson.
Little Serenade............Myer-Helmund
Mrs. G. B. Conrad.

Each number was well rendered, and all that were present say it was a very pleasant meeting.

FELL FROM THE TRAIN.

Chas. Connery. of Mineral Point, Slightly Injured.

Last evening as Conductor Richard Lee's train was approaching the city, his brakeman, Mr. Chas. Connery, of Mineral Point, slipped on the icy roof of a car and fell from the train. The accident occurred near the gas house where the embankment is quite high. He rolled to the bottom, but fortunately his injuries were not serious. The train was stopped and Mr. Connery taken aboard and carried to the home of Wm. Canary, where he is now resting easily. He will soon be about again.

MUNICIPAL COURT.

A tramp named John Welch was in the municipal court this afternoon and was sentenced to fifteen days in jail.

A drunk named John Carroll, who hailed from Milwaukee, was also sentenced to five days in jail.

THE BIG BLIZZARD.

It Delays all Trains on all of the Railroads.

Nearly all the night and morning trains on the railroads were delayed by the severe storm of last night. The morning vestibule on the Chicago & Northwestern road, which arrives here at 5:55 a. m., arrived nearly on time, drawn by two engines. The 2:30 a. m. vestibule was not so lucky; it was from eleven o'clock last night until nine o'clock this morning coming from Chicago to this city. When it arrived here at half past nine it looked as if it had seen some experience. It was drawn by two heavy "Mogul" engines, and was covered with snow. They stuck at Harvard and got started again with great difficulty. The conductor said that it was the worst night that he had ever put it on the railroad. At Harvard the wind blew a large cloud of snow against the cab window in one of the engines. It broke the glass and the flying pieces cut several gashes on the fireman's head. The train had no snow plow and it made slow progress.

The trains on the Chicago, Milwaukee & St. Paul railroad were also delayed by the storm. The Madison train which should leave here at 9:35, did not get off until ten o'clock. The Rockford train left at five minutes to ten, thirty five minutes late. The Mineral Point train which should arrive a 9:15, had not arrived at ten o'clock. It was stuck in the snow near Brodhead. A force of men were set at work shoveling the way out, and it arrived at ten minutes past twelve. The Milwaukee train which gets here at 9:07 was still in Milwaukee at ten o'clock, but arrived here at twenty minutes past twelve.

Farmers say that last night was the worst in years. The snow was damp and heavy, and the trains having no snow-plows had a time of it. The storm is reported to have been much worse south of the city than it was north. Trains are once more nearly on time this afternoon.

LOCAL OPTION BALLOT.

How the Ballots are to be Distributed and Voted.

The Gazette publishes in this issue at the bottom of the city ticket a sample of the license ticket to be used at the coming election.

The ballot will be twelve inches wide and about four inches long and will be endorsed on the back "Official Ballot," and signed by the two ballot clerks the same as the city ticket and will be delivered by the ballot clerks to the voter with the city ticket. The license ticket will be voted in a separate box provided for the purpose.

These ballots are ordered by the county clerk, who is acting under the instruction of the attorney general and district attorney. The Madison Journal, which is the official state paper, is publishing the same form of ballot. This decision bars the use of any other form of ballot on the license question, and places in the hands of the voter the power to express his preference according to his own judgment and wishes. It ought to be as fair for one side as the other, and will be so considered by all reasonable people. The ballots will be delivered sealed with the city ticket, to the city clerk in the manner provided by law, and by him delivered sealed in the original packages to the election officers Tuesday morning, who will receipt for them and be held responsible for their distribution according to law.

THE WIND BLEW

And Took Conductor James Luft's Hat With It.

Last night as the Milwaukee train was up at the crossing north of the city, Conductor James Luft looked out of a window. The wind took his nice new blue and gold cap with it. Engineer Hobbs saw it sailing by the engine and got off to get it. It did not stop though, but continued to sail up toward Milton. Mr. Hobbs chased it nearly a quarter of a mile and then stumbled and fell in the snow, while the cap sailed serenely on. If any good citizen of Milton should stop it in its mad career, they can send to "Conductor James Luft, Janesville." Mr. Luft says that he is thankful that the wind did not take his moustache along with the cap. He thought that it was gone, but when he got into the baggage car, he found that it still remained with him.

AFTER SUFFERING TWO YEARS

Was Relieved in Five Minutes by Dr. Coffee, of Louisville, Kentucky.

[From Racine Journal.]

George Larson had suffered two years from what he thought was catarrh of the nose and head and had used much treatment, only getting temporary relief. He called on Dr. Coffee, at 214 Fourth street, and on examination found a large Polypus tumor in each nostril which completely filled up his nasal cavity. The doctor operated on him and in five minutes had them both out without pain or but little blood, giving him immediate relief. The operation is quite a difficult one, and requires great skill. Dr. Coffee has the reputation of being one of the most skillful operators on the head and throat in this country. His rooms were pretty well crowded yesterday. If you suffer you will do well to see him:

A TALK ON MISSIONS.

At the Home of Mrs. Gowdey, No. 58 South Jackson Street.

Mrs. W. E. Knox will give one of her interesting talks to ladies on the subject of missions, in the parlors of Mrs. Gowdey, 58 South Jackson street, on Saturday afternoon, at three o'clock. All ladies are cordially invited to avail themselves of the privilege of hearing this most interesting and well known lady. Mrs. Knox will be remembered as the lady who conducted the primary class at the Monona assembly last year.

THE WEATHER.

For Wisconsin—Snow—Northwesterly Winds—Lower Temperature.

At seven o'clock this morning the thermometer indicated 27 degrees above zero. Light snow with north wind. At one o'clock p. m. the register was 34 degrees above zero. Cloudy with north wind. For the corresponding hours one year ago the register was 23 and 45 degrees above zero.

The missing are:

ALBERT HESS.
FRANK HALLISH, 79 Clayton street.
MICHAEL HAUER, Union streets, between Barber and Wright streets.

Last Tuesday afternoon Franz Schladorn and John Freese, two of the men employed in the drying-room of the starch-house, thought they smelled what seemed to them the odor of burning crust. As fire is the most dangerous element in a starch-mill the two men instantly reported their suspicions to the superintendent, Dr. Baer, who immediately caused a thorough investigation to be made.

It was soon discovered that a small blaze had originated in the dry-steam coils which surrounded the drying-room. These coils, twenty to thirty in number, are laid horizontally one above the other clear around the room, and are incased for greater precaution against fire or even superheating in a sheet-iron box made perfectly air tight.

The only opening is at one end, where a door has been left, but which is usually kept tightly closed. When Dr. Baer came he opened that door and discovered the fire. It was only smouldering, and a few bucketfuls of water extinguished the incipient blaze.

Wednesday evening went all right, but yesterday afternoon this same odor, somewhat stronger and more penetrating than before, manifested itself in the drying-room. Schladorn and Freese again went after Supt. Baer. When he came he proceeded at once to what he rightly judged to be the seat of danger. The door opening into the steam coils, incorrectly called by the employes of the refinery "the furnace door," was thrown open by the doctor. Almost instantly a tremendous explosion followed.

It seemed as if the starch-house had been lifted bodily into the air. The next moment it settled, a crumbling mass of broken timbers and flying bricks. It is supposed the fire of Tuesday had not been entirely extinguished, and that when Dr. Baer opened the gate of the sheet-iron casing the superheated atmosphere coming into contact with the powder-filled air of the starch-room instantly fired up the millions of particles that filled the room.

Certain it is that not one of the sixteen or eighteen men in the two rooms at the time remember anything about the occurrence. They heard the explosion, that is all. When they recovered consciousness they were in the laboratory of the refinery, where they had been carried after being rescued from the ruins.

In less than a minute after the explosion took place the 500 or more employes in the refinery were rushing frantically down the stairways. It is a great wonder nobody was hurt in that mad rush. The building is practically devoid of easy modes of exits, the stairways being rickety wooden affairs, dark and narrow, and less than four feet wide. A stream of humanity poured out of the building for fifteen minutes after the explosion. It was fortunate that no women were in the building.

It was still daylight when the accident occurred, and it attracted many people. The starch house juts almost to the water's edge on the south branch of the river. The opposite bank was crowded with people. It was really the only available spot from which to view the ruins. Another big crowd also assembled in front of the office, and another crowd stood on the tracks to the north of the starch house. There was little fire among the ruins, but plenty of smoke, which at times was blinding.

The two fire boats arrived early on the scene and did excellent work. It was a hard blaze to get at, partly owing to the inequalities of the ground and partly to the high easterly wind which was then blowing. Most of the dead bodies were not recovered until after dark.

STRUCK BY A TRAIN.

Three Unknown Men Run Down and Killed at Red Rock, Pa.

SUSQUEHANNA, Pa., March 28.—Train No. 14 on the Erie railroad killed three men at Red Rock, a small hamlet seven miles west of here, early this morning. The men are as yet unidentified and were all well dressed.

About 10:45 o'clock last night the safe in Parker's coal office at Binghampton, N. Y., was blown open by men who were evidently accustomed to the business. The men killed at Red Rock are supposed to be the ones by whom the burglary was committed.

David Dows' Condition.

NEW YORK, March 27.—The condition of David Dows is unchanged. He showed considerable improvement yesterday and suffered no relapse during the night.

Pear's soap is the purest and best soap ever made.

Dr. Coffee

Opened business at the Windsor hotel yesterday morning, and his rooms look like a museum, so many charts and manakins around the walls. He has the largest lot of surgical instruments ever brought to Janesville. He performed two surgical operations during the forenoon, which were very successful. He examined about fifteen patients yesterday. Several were tured away as incurable, others treated. He never undertakes an incurable disease, but tells them plainly what they need, if anything can be done.

He will be at the hotel until Saturday, April 5th, and if you are sick you will do well to see him and save a large bill, as he is giving free treatment this trip.

"He is well paid that is well satisfied." This is what a happy man up-town said when he threw away his empty bottle after he had cured his cold with Dr. Bull's Cough Syrup, the favorite.

AN EXCELLENT PERFORMANCE.

A Noble Stranger at Lappin's Opera House Last Night.

A very small audience greeted the May Bretonne company at Lappin's opera house last night. The blinding snow storm that prevailed was enough to discourage anybody. The bill was "A Noble Stranger,' and was a most excellent production. The title role was taken by Miss Bretonne. in her usually splendid style, notwithstanding that she had been sick all day and under the doctor's care.

The part of Morice Warner, Nobody, Nobody at all." taken by Mr. O. E. Hallam. Mr. Hallam is an actor in every sense of the word and his part was finely taken.

G. Harris Eldon as "Dogbrier" was a complete success, especially in his impersonation of the intoxicated tinker. His part was so real that a young man in the audience who had a fragment of a "jag" on yelled every time that the tinker did.

The part of "Jimalong," "Dogbrier's" partner, was well taken by John Brownell.

"Little Slowberry," by Miss Rose Stillman, was also finely taken, as were also the part of "Sir Phillip Harlstone" by G. R. Robinson, "Maybrush, the inn-keeper," by Ellsworth Dixon, "Heasinth" by Bob Sperry and "Red Judy" by Miss Laura Howard. To-night they play 'Stricken Blind."

OBITUARIES AND FUNERALS.

Ralph Hayes.

At four o'clock yesterday afternoon the death angel entered the home of Mr. and Mrs. W. F. Hayes, No. 106 Holmes street, and carried off their only child, little Ralph, aged seven years. For the past month he had been a sufferer with heart disease, and about two weeks ago was forced to take to his bed. up to the time of his death he was rational and talked to his agonized parents But a short time ago, Mr. Hayes' father died at Albion, and now another sorrow has overtaken them. Little Ralph was the joy of the household, and now that he has gone, he has taken a ray of sunshine with him. The afflicted parents have the sincere sympathy of a large circle of friends in the hour of their bereavement.

The funeral will be held from the house at 8:30 to-morrow, (Saturday) morning, and the remains will be taken to Edgerton on the 9:35 train for burial.

Funeral of J. B. Fitzgibbons.

The funeral of the late James B. Fitzgibbons was held from the residence, No. 107 Center avenue, at two o'clock this afternoon, the Rev. M. G. Hodge, pastor of the Baptist church officiating. The attendance was large and the floral offerings beautiful. The song service was rendered by a quartette consisting of Mrs. J. W. St. John, Mrs. C. B. Conrad, Mr. C. N. Vankirk and Mr. C. L. Clark. The pall bearers were Messrs. Wm. Hemming, David Davies, Charles Potter and John Nelson.

The interment was made at Oak Hill cemetery.

Funeral of Mrs. O'Brien.

The funeral of the late Mrs. Margaret O'Brien was held from St. Patrick's church at nine o'clock this morning, the Rev. Dean McGinnity officiating. The pall bearers were Messrs. John Donnelly, Patrick Joyce, Spencer Schimmerhorn, Patrick Collins, Martin Garvin and Patrick K. Collins.

The interment was made at Mt. Olivet cemetery.

It is never too late to mend a sprained ankle, swollen limbs, stiff neck, or any pain or ache, if you but use that sovereign remedy, Salvation Oil, the greatest cure on earth for pain. Price 25 cents.

FOUGHT WITH A MADMAN.

After a Desperate Struggle H. W. Eames Conquers His Assailant.

MILFORD, Mass., March 28.—H. W. Eames of Milford narrowly escaped death this morning at the hands of W. G. Reynolds, an insane patient whom he was watching. Reynolds unsuspectedly attacked Eames, first with a brick, and then grappled with him. After an hour's desperate struggle and the upsetting of tables and burning lamps, and the wrecking of doors, Eames secured his patient in bed.

Reynolds had two sharp knives hidden in bottles of medicine, matches, etc., and told the physician he intended to kill Eames, who had detected him in attempting to burn his bedding. Eames, who is a powerful man, is badly bruised, and moves now only with crutches.

THEY TOOK THE CASH.

Two Employes of an Elevator Company Flee with the Firm's Money.

CHICAGO, March 28.—William Sullivan and Harry Parker, clerks employed in the offices of the Santa Fe Elevator company at La Salle and Jackson street, mysteriously disappeared from their homes and places of employment a few days ago. They had been sent to the company's elevators with about $3,000 with which they were to pay off the employes, and it was feared at first that they had been waylaid and robbed.

The police were notified, and the search had no sooner begun than it was learned that they had stolen the money and fled. Detectives learned that they had been corresponding with two young ladies who lived in a small town in Maine and that they had gone to that place for the purpose of marrying the young women. Telegrams were forwarded and information was received that the messages had arrived just in time, for Sullivan and Parker were arrested but a short time before the weddings were to have occurred.

Requisition papers have been forwarded by Gov. Fifer and a detective has started for Maine to bring back the alleged thieves.

SMOOTH SWINDLER ARRESTED.

J. E. Jameson, an Associate of John Sweney Taken Into Custody.

CHICAGO, March 28.—A man who is believed to be one of the associates of John Sweney, the alleged gold-brick swindler, was locked up at the central station last night by Detective Hearle and Bell. He gave his name as J. E. Jameson, and when searched at the station a large revolver was found on him. Jameson is said to have come to Chicago to help Sweney get out of trouble, not knowing that he had already been turned over to the New York authorities on a requisition from Gov. Hill.

Jameson is said to be one of the best confidence men and burglars in the country. He is an associate of the confidence men who lure wealthy victims from the Hoffman house and other fashionable hotels in New York. He recently concluded a term of imprisonment in Iowa. Recently thirteen gold watches were found in Chicago express offices which Jameson shipped here.

Besides the revolver which Jameson had about $500 and a gold watch were found in his possession.

An Independent Candidate.

To the Electors of the City of Janesville:

During my term of office as street commissioner I have worked faithfully for the interests of the city of Janesville and deemed myself entitled to a renomination at the hands of the republican party. A majority of the delegation to the city convention, it seems, thought differently, and discarded me. I do not regard their action, however, as a popular expression, and therefore announce myself as an independent candidate for the office of street commissioner, and respectfully ask for your support and suffrage.

Dated March 12th, 1890.
